

Milton Restaurants Open for Business

Updated 3/23/20

The following restaurants are open for PICKUP, sometimes with curbside or drive thru service. Some also offer DELIVERY, as noted. In some cases, delivery is through a delivery service, though many restaurants are choosing to provide their own delivery. Please remember to tip your driver. Visit their Facebook page or website for additional details, including changes to hours, menu or open/closed status. This list is not exhaustive and is based on information posted by the restaurant on their website or Facebook page, or through telephone calls, as of **March 23**. As more details become available, our website and this list will be updated. We anticipate most fast food restaurants will continue their drive through service, but have not verified most of those.

As always, please practice safe social distancing.
