## EXPLORE MILTON'S RICH HISTORY

Tour the **National Historic Landmark Milton House Museum**, the last certified Underground Railroad station in Wisconsin that can be toured. Hear a detailed account of Milton's past and walk the very path of history as you travel through the same secret passageway that ushered freedom seekers to shelter on the Underground Railroad.

Note: Plan to visit during **Civil War Living History Days** held annually in May on Milton House grounds. Explore the soldiers encampment and Underground Railroad, meet Abraham Lincoln, view cannon demos, and more.

Traveling one mile west, you will find the "**Junction**" that developed with the railroad during the late 1850s, thus giving Milton two distinct business districts filled with boutiques and other shops.

## SIP, SHOP & DINE

Explore our three unique wineries, **Northleaf Winery Taproom & Guest House**, **Timber Hill Winery** and **Fermenting Cellars**. Each offers tastings, special activities and a variety of events in addition to wine by the glass and bottle.
